

COLLEGE BONDS PASS EASILY

Construction Starts Sept. '63; Classes Start Sept. '64

Grossmont Junior College District voters finally said "yes" but like a shy maiden, had to be wooed.

It took the District three swings at the issue before enough persons agreed at the polls that the \$7.5 million

project should be launched. The vote was 20,282 for and 7,516 against it for a 72.9 per cent approval quotient. A 66.6 per cent approval was needed.

Similar propositions were defeated in October and June by slim margins.

Already, material is in the hands of the architect Richard Wheeler, who will design the 2,500-student facility in association with Koebig and Koebig of L.A. It will be built on a 132-acre site in Fletcher Hills.

Gordon Smith, school planning consultant, said that the first work to the ground should take place in about 12 months. He said the school should be ready for operation in September 1964.

Gordon Smith said also that an application for an education facilities grant through Ford Foundation had been made and these funds would be used im-

mediately for studying specialized curriculum and facilities.

THIS YEAR NOT AFFECTED

Harold Hughes, deputy district superintendent, said that the passage would not affect this year's program. "Our budget was set up and passed several months ago. We'll do our best to take care of the more than 2,000 students enrolled so far with the funds we have available."

Grossmont College President Hansen said that he was gratified with the outcome. "We now have assurance that Grossmont Junior College will meet the needs of some of the thousands of Grossmont District students

who will in the future want to attend a junior college.

"We are all deeply appreciative of all the time and effort put forth by the many hundreds who helped in the election informational campaign."

"Equally satisfying is the knowledge that we will be able to hold together the fine instructional staff we have been able to gather together because we believed that the permanent college facility approval would be approved."

COST OF BONDS

The passage of the bonds will cost district taxpayers about 17c for each \$100 of assessed valuation on their

property. Because of a \$300 per student building use levy by the S.D. City Junior College, the cost of sending an estimated 2,500 students there would have cost the district taxpayers about \$4 millions more during the repayment period of the bonds. It is supposed that this savings changed the results on the Tuesday election as much as anything.

Classes will continue to be held in Monte Vista high school facility in Casa d' Oro where Grossmont College President John Hansen reported a 61 per cent increase in day students and 36 per cent increase in even-

More than a thousand youngsters are expected to participate.

Youngsters will be admitted to the Grove theatre at 9 and 10:30 a.m. Saturday on a first-come-first served basis. At noon, the parade will start forming at Citronella and Lincoln, behind the fire house where prizes will be awarded for best costume; best decorated wheeled entry; best decorated bike; most original and most comical costume and best original characterization. Prizes will include tickets to the theatre and to the miniature golf course.

TO GO DOWN IMPERIAL

The parade will march down Imperial, east on Broadway to Kempf up to the playgrounds

of the junior high school where free ice cream will be distributed. School bands will supply marching music and marching units will take part.

Kiwanis committeemen said the whole affair would be over by 2:30 p.m.

Miss Lemon Grove will lead the parade. Bob Howell is parade director.

Jack S. Durham, president of the L.G. Kiwanis club, said that this will be the 14th annual observance of Kids' Day and the eighth year of sponsorship exclusively by Kiwanis International and its member clubs throughout North America. He went on to say that work on this 14th annual celebration is well under way, and more Lemon Grove youngsters than ever before will participate in this annual activity for youth.

ROGERS CHAIRMAN

Durham named Stanley Rogers as chairman and A. E. "Bob" Howell, Dr. Robert F. Burns, Gene Arsenault, Douglas Giles, and L.G. Fire Marshall Ray Carmody as members of the Kids' Day committee. All members of the Kiwanis club will take part in the project.

The Kiwanis club president pointed out that youth work has been a major aim of Kiwanis International throughout the 47 years of its existence. The Kids' Day program focuses attention on this important work of the organization.

Sups. Pay Raises To Go On Nov. Ballot

SAN DIEGO (CNS) — Two proposals to give pay raises to members of the County Board of Supervisors are to be on the Nov. 6 ballot.

Supervisors at a special meeting Thursday afternoon agreed to put up to the voters one measure, that would give them an annual salary three-quarters of that of a superior court judge and another that would allow them to collect fees for acting as directors of sanitation districts.

Superior court judges receive \$21,000 per year, so passage of the first measure would give Supervisors an annual wage of \$15,750. They now receive \$8,400 per year.

The second measure would allow Supervisors to receive \$25 per meeting but not to exceed \$50 per month, from each of the county's 12 sanitation districts. At the maximum, this could boost Board members' pay by \$7,200 annually, to \$15,600.

Both pay raises would not be effective simultaneously. Each measure is being proposed as an amendment to the county charter.

Should voters approve both amendments, the right to receive fees for serving as directors of sanitation districts would be effective when the State Legislature ratifies the change, probably early in 1963. But approval of the measure

to tie the Supervisors salaries to judges' pay, which is a straight pay boost, could not be effective until January, 1965.

Bertram McLees Jr., assistant county counsel, explained to Supervisors that the State Constitution says no pay increase may be given after an election and during the term of any public official.

Thus, Supervisors David W. Bird, Robert C. Dent and Frank A. Gibson, if re-elected, could receive the pay increase in 1965, when their new terms would begin.

Check-Nabbing System In Operation In L.G.-S.V. Area

The sheriff's forgery detail's bad-check fan-out system is now operating in the L.G.-S.V. areas, John Prusa, of the detail announced this week.

The way the system works is that the sheriff's office is notified of a bad-check artist operating in the area. The office notifies the sheriff's L.G. substation. The sub-station makes seven calls immediately.

The seven who are called are Popular Liquor, La Presa Liquor, Lemon Grove Drug, Ranchette Dept. store, Foster's Market, Pal's Cafe and Mayfair Market.

These firms each have a specific firm to call, and these have another firm to call, and so on.

Thus, a score of firms will be notified within a few minutes. The forgery detail has instructed each of the firms on the proper handling of check-passers and briefed each on the reporting routine.

The system is now in operation successfully in the north county.

The DIMMER VIEW

by MAX GOODWIN

Picture Of A Press Conference

Don't let those televised Presidential press conferences fool you. They are well-organized only because someone at the White House organized them that way.

The free-wheeling ones held across the breadth of the nation have an entirely different complexion and in them, newspaper reporters do not always fare so well as the television people. . . and the newspaper people ought to be ashamed.

The press conference held by former President Harry S. Truman last week was a good example.

With more than 40 newsmen facing Truman, the talented and popular television newscaster, Harold Keen wrecked the conference for newspaper folk.

With all of the brassiness by which a good newspaper reporter earned his stories a newspaper generation ago, Keen came earlier than any, took a seat at the former president's table and popped a series of questions at Truman the moment State Senator Hugo Fisher opened the meeting. Self-respecting newspaper reporters ought to spend sleepless nights for being euhred, out of a key spot by a tv or radio guy. And ought to hide their faces in shame for failure to get the conference on a rational basis.

Keen asked questions about Cuba, Berlin, Russia and the World but brazenly allowed only single sentence replies. He sapped off all the meat leaving only crumbs for newspaper reporters because the ex-president would have retorted that he just answered the question should a reporter attempt to get Truman's extended remarks by re-asking the questions. This was proved during the interview after Truman requested Keen to hush to allow some other reporters to get in on the act. By then it was too late. Most of the questions left concerned only Truman's health, his piano playing, and his morning walks.

Keen, on the other hand, with a private interview booked for his tv film cameras, could well afford to waste the questions if by so doing he made the newspaper reporters appear to be less professionally competent than a high school journalism student. As a matter fact, Truman remarked, at one point that he "got more sense from students" than he did from reporters.

Aside from showing most of us that newspaper reporting has fallen to a low estate because we lack of ingenuity aggressiveness and industry of the tv boys, HST offered some interesting Trumanisms:

On his visit to S.D.: "I came here to have a . . . of a good time and I'm gonna."

On the Nixon-Brown race:

"He (Nixon) can't beat anyone."

On reporters: "You guys write headlines instead of facts."

On S.D. airframe industry: "I told them they would be sorry if they put defense plants here. I would not let them go into Missouri and I was in a position to put them in, too."

On the source of HST's good health: "Good grandparents."

On Republicans: "They cause all the trouble."

On the Birch Society: "Klu Klux without night shirts."

On communists: "There's only a handful in the U.S."

On Gov. Brown: "All his programs have been good."

On walking: "120 (steps) a minute. 30 inches to a step."

Watch-Cat Helps Catch Peeping-Tom Suspect Here

A human doesn't mind a cat prowling, but when a comfortably ensconced Siamese cat heard a human prowling around Mrs. Archibald V. Gerard's house, he alerted Mrs. Gerard to the menace by sitting up in her lap and turning a fixed gaze on the window, the night of Sept. 13. Mrs. Gerard gazed too and told Deputy Sheriff's, who answered her husband's call, that she saw the suspect, Thomas Henry Smith, 22, 3486 Capital St., L.G., squatting under the window on the front porch and peeping in.

She said he left and came back a few moments later and repeated his actions. Mr. Gerard, awakened by his wife, said he saw the prowler on the porch and watched him walk over behind a tree and then cross the yard to a '55 Pontiac 2-door parked near Marian and King sts., V.L.M.

The suspect was tailed to the Capital street address and arrested at 12:50 a.m. Sept. 14 and booked at the County Jail.

Chris Ferguson, Well-Known L.G. Builder, Dies

Christopher Ferguson, 75, a long time area resident, died Sunday at Grossmont hospital after a short illness. He was a retired building contractor who lived in Lemon Grove from 1923 until 1952 at which time he moved to San Diego.

He was born in Scotland and served in the British Army before coming to America. He lived at 3349 Landis st., S.D. at the time of his death.

He was active in the L.G. Congregational church while living here and built the church's Friendship Hall, the choir loft and the pews up front.

He also built the bank of shops on the south side of Broadway between Main and Olive, and more than 50 houses in the Lemon Grove area.

A civic minded man, Ferguson took part in community projects. He contributed substantially in labor to the building of the L.G. Youth Center, the entire building being built by volunteers.

Ferguson was a member of the S.D. Commandery No. 25, Knights Templar; Al Bahr Shrine; Darius Chapter, Royal Arch Masons; La Mesa Chapter No. 300, Order of Eastern Star; Galilean White Shrine; Lemon Grove Masonic Lodge No. 736, F&M; the York and Scottish rite Masonic bodies and a veteran of the WWI Army.

He is survived by his wife Lenore, a son Donald, a granddaughter, Christine Ferguson of San Diego and two nieces and a nephew, also of S.D.

Services were held Wednesday at Greenwood under the auspices of L.G. Masonic Lodge No. 736 followed by entombment in Greenwood mausoleum.

He had a small argument with one of the four men, who followed him outside the room, and started to hit him. The other three piled out and commenced beating and kicking him he said. He claims they took his wallet containing \$20.

William John Hill, USN, 38, 9931 Sierra Madre, S.V., complains about four unknown suspects who, he claims beat him up Sept. 9 around midnight outside the Rodeo Room Bar, Broadway, L.G.

Hill told the sheriff's officers that he had a small argument with one of the four men, who followed him outside the room, and started to hit him. The other three piled out and commenced beating and kicking him he said. He claims they took his wallet containing \$20.

Licensed to marry in S.D. last week were the following local persons: Walter Blake, 58, S.D. and Lillian McCarthy, 59, L.G. Marciano Ponce, 45, and Severina Casillas, 38, both of S.V. David Bush, 19, S.V. and Janice Mann, 17, L.G.

Lyle Lewis, an employee of the Sweetwater Water Co., checking gauges at Sweetwater Lake Dam early Friday surprised two young men fishing in the lake. He chased them away. They threw rocks in retaliation and fled, but left two nice jackets on the lake shore.

Lewis turned the jackets over to dam keeper Curtis, who is holding them for the owners, who have failed to show up.

Night-time Intruder Causes Heavy Damage In Cd'O Market

Burglary and vicious wanton destruction of good food were perpetrated on Foster's Market at 9935 Campo rd., S.V. the night of Sept. 10 by a suspected 19-year-old youth of Calaveras Gardens.

The suspect forced the side door of the building and proceeded to leave a trail of destruction behind him as follows:

Taken were 40 cartons of cigarettes worth \$100; a stamp machine was forced open, yielding \$12.95. The machine belongs to the U.S. Postal Department.

Then the ball and fine night's work began with the aid of a long, sharp butcher knife in the destruction of: seven crates of cantaloupes, two lugs of peaches, two lbs. of pears, two lbs. of peppers, two lbs. of tomatoes, four sacks of carrots, three 10-lb. bags of sugar, 12 5-lb. bags of sugar, 30 lbs. of potatoes, 14 lbs. of margarine, five gallons of milk, a pt. of cream, the latter three items taken from the cold box thrown on the floor and mixed together, 40 lbs. of hamburger taken from the cold box, thrown on the floor and mixed with the sawdust; eight 5-lb. bags of flour, and a 25-lb. sack of flour.

Four 100-lb. sacks of potatoes were slashed open. The soft drink machine was pried open. The cash register in the office was damaged by being pried open. The cost of the young man's spree was more than \$300.

When they left, Smith says he is a Chief P.O. stationed at North Island and that his first assailant claimed to be a Marine just out of five months' training.

The barmaid, Janet Schooley, said she could identify the other three.

WINDING TRAIL Edward Thomas Dixon, 39, 1884 Primera st., L.G. came within inches several times of being run over by motorists as he wended his uncertain way along Massachusetts ave. at 12:25 a.m. Sept. 13. He was taken into custody and booked at the County Jail on a drunk charge.

WOMAN LOSES PURSE BUT FINDS WATCH Marie Dolores Camacho, 31, 3608 Olive, L.G. doesn't care so much about the money in her wallet that was stolen in Del's Easy Wash automatic laundry the morning of Sept. 13, but she would like to have her immigration papers, her Social Security Card and her Mexican driver's license returned.

Mrs. Camacho told sheriff's officers she had gone to the laundry and while arranging the clothes in the tubs had laid her purse on the table. It had been opened and her wallet taken.

Her luck wasn't all bad, however. On Sunday, she found a woman's wrist watch on a window sill of a store on Broadway. She said that she would return it to the owner if she could identify it. Mrs. Camacho lives at 3608 Olive. Her phone is 466-7907.

LOSE JACKETS FISHING Lyle Lewis, an employee of the Sweetwater Water Co., checking gauges at Sweetwater Lake Dam early Friday surprised two young men fishing in the lake. He chased them away. They threw rocks in retaliation and fled, but left two nice jackets on the lake shore.

Lewis turned the jackets over to dam keeper Curtis, who is holding them for the owners, who have failed to show up.

A friend of the fishermen attempted to gain possession of the garments, but was informed that Curtis would turn them over only to the owners, so he could talk to them about trespassing.

He then turned them over to the Sheriff's Dept. Lemon Grove substation.

BULLETS FOR BOBBY Not a few bullets but two cartons of 1000 rounds of 22 cartridges were appropriated from the stock of the Summers Sporting Goods, 9152 Campo, S.V., Saturday by a 12-year-old Spring Valley boy and an attempt made by him to share the haul with a boy friend waiting in an automobile.

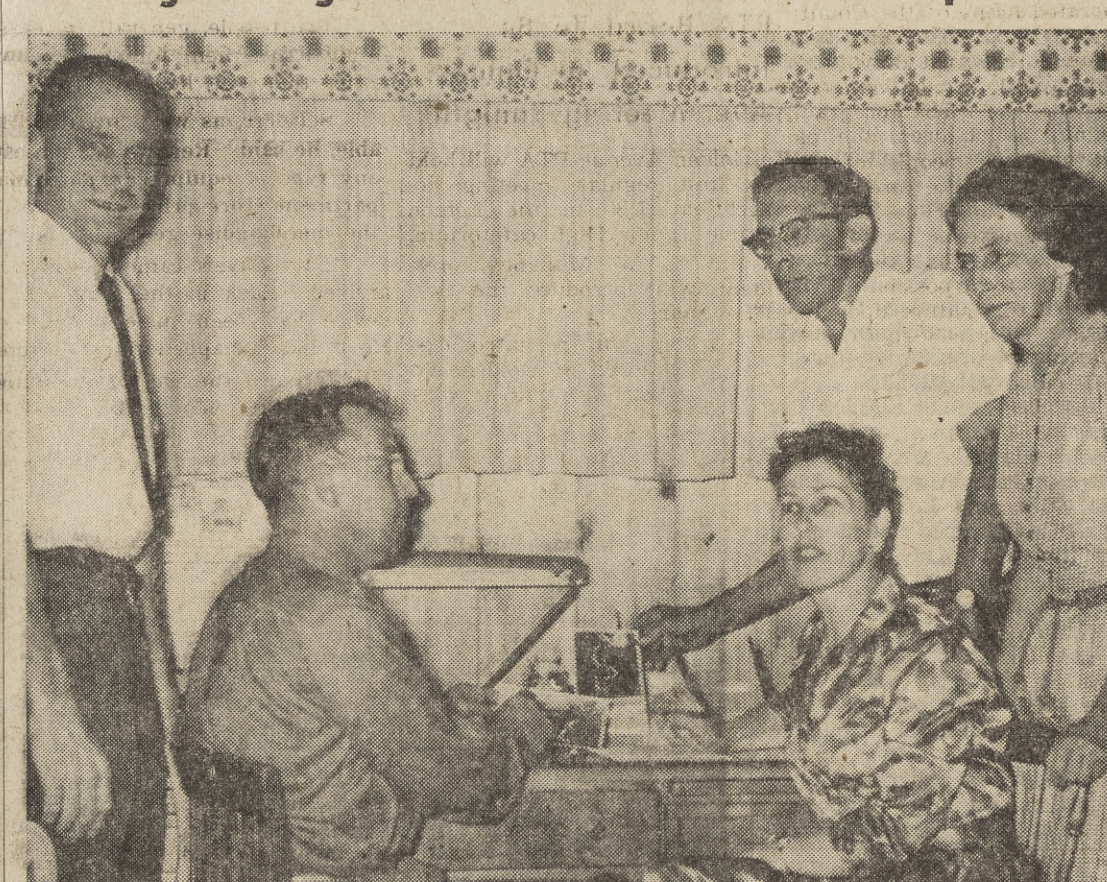

The lad wasn't getting away with it, for he was observed in the act by Mrs. Grace Summers, the owner, who followed him out of the store to the car and there charged him with the theft, which he denied. As he could not show any sales slip, he finally admitted the deed, and then surprised Mrs. Summers by producing another carton he had previously taken and handed them both back to Mrs. Summers. The value was \$16.

LINGERIE SWIPER BUSY Mrs. Ramona Dawson, 31, 9621 Campo rd., S.V. and Jape L. Winters, of the same address, made a quick "breathing fire" call to the Sheriff's Dept. when they discovered their lingerie worth \$10, had been taken from the clothesline in their back yard Friday.

CLOCK RACKET NETS ANOTHER Patricia Hutchinson, operator of Patricia's Sportswear on Broadway in L.G. said this week that she too, had been bilked by a man who sold clock advertising to several L.G. merchants. The clock was to have been placed in a prominent spot in the L.G. Bowlero.

"Not us," reported the Bowlero management. The salesman, who claimed to represent an advertising agency, collected money and disappeared.

MOTORIST SAVES DAY FOR GRANDPARENTS AS DOG ESCAPES VACATION QUARTERS

When the C. E. Hoffmans of 2103 Eldora st., Lemon Grove took its vacation lately, the family dog, a black, short-haired terrier was left with the C. E. Hoffmans, the grandfolds, of 2575 Sweetwater ave.

Grandma, grandpa and the dog hit it off wonderfully—at least the couple figured the pet was contented—until the dog dug its way out of the backyard just a day or so before the C. E. Hoffmans returned.

The story could have ended tragically at this point if a motorist had not stopped on Sweetwater ave. when he saw the little terrier at 6:30 p.m. on a Saturday.

The dog's collar gave the Eldora st. address and the nice motorist, whose name no one got, took the dog there, then dropped it off at a neighbor's on discovering nobody home.

Said grandma Hoffman: It would have been a poor vacation for the kids, to come home and find their dog lost. I'd sure like to thank the motorist but I have no idea who he is.

3,000 Attend Grand Opening Of New L. G. B of A

CROWD TOURS BANK — One of the largest crowds to attend a Bank of America grand opening, about 3,000 showed up between 7-9 on Thursday evening of last week for an open house preview of the Lemon Grove branch. The event started with the ribbon-cutting ceremony at 7 in which dignitaries (l to r) Bob Vaughn L.G. Chamber of Commerce president; lovely Sue Davis, Mrs. L.G.; Jack Cummings, manager of the new branch, and Ralph E. Windsor, vice president from the bank's Southern California headquarters took part. Graydon Hoffman, senior vice president for the San Diego area attended also. Members of the bank staff were introduced at the occasion, which was the third Bank of

America opening in the LG-SV area in little more than a year. Two different bands played and visitors got to inspect every inch of the 7,700-square foot bank. "I was very thrilled with the grand opening," Cummings said. The cluster of helium-filled balloons, which carried a capsule with a \$25 series E Savings Bond, were loosed when Miss Davis snipped the ribbon. The balloons floated to Palm Desert, 140 miles away and landed in the swimming pool of a resident there at 7 a.m. the following morning. Winners of the satellite gold coin guessing contest will be announced on Sept. 27, Cummings announced.

LETTERS TO THE EDITOR

DEMO TV PROGRAM FOUND NOT TO LIVE WITH READING MATTER

Dear Editor:

Today I was watching on TV a program showing the many operations in Gov. Brown's campaign headquarters. I was astounded when the commentator stated that they welcomed individualists. This is confusing. In the June-July issue of the CDC Bulletin there is a fascinating article, "Anti-communism and Your Club," written by Thomas Francis Ritt who is president of Lawndale Democratic Club. He states, "Individualism is immoral because it threatens our heritage of freedom. This is a lesson which must be preached in our clubs." Further in the article he continues, "Bitchism will die, because it is built on the shifting sands of individualism." We can't speak for Bitchism but of one fact we are certain: "America was built on the rock of individualism and thanks to individualism she will never die!"

Sincerely,
Roland Pair
President, Spring Valley Democratic Club

MINISTER OFFERS THANKS FOR PICTURE, STORY

Dear Editor:

Our profound thanks for the fine picture and story your paper carried for our Sept. 9 groundbreaking. Ground was broken (with a jack hammer); and the work is buzzing now. Again, thank you.

"EVERYBODY'S QUEER BUT THEE AND ME . . ."

Dear Editor:

Re. Psychiatric tests. How about Indian Guide Parents? All parents? Sunday school, teacher volunteers, employers, baby sitters, welfare staters, psychiatrists. "Everybody's queer but me and thee, Martha, and some times thee?" How about the simple solution? "I don't want you to coach my child?" Goodbye!

Cleo Emery

The solution is complicated, Cleo. A man, heavily accented with sweat, came in here last week and suggested that a good pummeling would help my vision. He said I didn't see things right.

EDUCATION URGED AS WAY TO CUT DOWN CHILD MOLESTING IN COUNTY

Dear Editor:

The San Diego County Grand Jury is concerned by the large number of child molesting crimes occurring in the incor-

porated as well as in the unincorporated areas of the County of San Diego. The Grand Jury believes that it could perform a substantial service by instituting an educational program, warning the children, the parents and the people of the community of the prevalence of this type of crime, and offering suggestions as to precautions which might be taken to avoid the possibility of attacks of this nature upon the children of San Diego County. A discussion has been held with interested citizens who pledged their cooperation.

The Juvenile Delinquency Committee of the Grand Jury feels a group of qualified citizens should be invited to formulate a program to make the community aware of this educational service.

Russia Is Different Inside

A S.D. dentist, Dr. Charles Graves, and his family recently returned from a trip from behind the iron curtain. He averted following the tourists' route whenever possible so as to make a person-to-person evaluation. This he did with the aid of a cooperative guide who had a high interest in his teenage daughter.

His study was at the food, housing, clothing and services level.

Some of his observations remind us again that there is a wide ideological gap between the communist party and the people.

First off, Dr. Graves insisted that there is a frightening food shortage in Moscow. Only after much persuasion did the guide allow the Graves family to see the long lines at the food markets. While there, there were food riots, he said. Yet, at the showplaces for foreigners the food is plentiful and decorative table-pieces are made of bowls of fruit. In the markets there are no fruit and no vegetables. There are no meats and no potatoes. There is bread and sugar. Alcohol is plentiful, too, and citizens nip from bottles as they walk along the street. There are few newspapers available because of a paper shortage and no matches. Offices have no typewriters and no adding machines. Russia, from the inside, resembles in no respect, the Russia Khrushchev would have us see.

Dr. Graves said that women take off their shoes and carry them when it rains, shoes being so expensive and unattainable. American ball point pens and bubble gum are so much in demand that foreigners can get almost anything with these two commodities.

Huge housing developments, the pride of Moscow's main streets become empty ghost-like buildings on secondary streets. The buildings are unoccupied and deteriorating. Long ditches, needing utility lines, stretch unfilled before the empty buildings.

Many Russians have missing teeth due to a shortage of dentists, he said. On the street he observed that cement fillings were used, the type dentists use for temporary work in the U.S. Doctors and dentists are women in Moscow.

The people, generally, are ashamed of the Berlin wall. It embarrasses them for they know that it is to keep people in rather than out, he added.

Services, as we know them in the U.S. are just not available, he said. Repairs are almost impossible to have made on any type of equipment, particularly on heavy equipment. Department store prices are 4 to 5 times those in the U.S. and the merchandise generally, is shoddy.

Dr. Graves' camera was tampered with the first day he arrived. Back in the States he learned that the lens opening device had been maladjusted and his pictures were spoiled. He thinks it happened in his hotel room.

Toward the end of shedding the light of Democracy on the Russian people, Dr. Graves has addressed a four-page letter to Premier Khrushchev which makes splendid reading, but destined for the Khrushchevian wastebasket, we fear.

Dr. Graves is not connected with any organization and is attempting nothing more than a better understanding between people, he says. He is making himself available for a few speaking dates for service clubs and we can think of no more interesting program than the rather casual observations we heard him utter last week to several newsmen.

He can be reached at 284-2432.

GAS STATION GETS

OK DESPITE PROTESTS

SAN DIEGO (CNS)—A zoning variance requested for a proposed Lemon Grove service station was granted Friday by the County Planning Commission, over the protest of an owner of adjacent property.

D. L. Williams asked to be allowed to locate a pump island, canopy and signs closer than the zoning requires to the center line of the street at 6310 Federal blvd. and for deletion of a requirement that he maintain a 10-foot planting strip along the street.

The request was opposed by Fred Zunkle, who said moving the sign closer to the center of Federal boulevard would make it visible from his living room window.

Three Shops Close In Lemon Grove

Three more Lemon Grove business firms closed last week. These include the Grove restaurant at 7949 Broadway, CP Appliances, 7890 Broadway, and a drapery shop at 3458 Main st.

Previously, the town's two department stores and the two large independent markets were closed.

A shoe store and a dress shop, both on Broadway, were closed but later other types of business replaced them.

Lawyers Form Group To Support Dick Donovan For Office

A Lemon Grove attorney, J. Clifford Wallace who lives at 1333 69th st. has joined with several other prominent attorneys from Chula Vista, La Mesa, and Imperial Beach to form a volunteer attorneys' committee to elect Richard J. Donovan 77th District Assemblyman. He cited the need for a man of Donovan's education, experience and competence to represent San Diego in the State Assembly. Significantly, only a qualified attorney can become a member of the powerful State Assembly Judiciary Committee, one of the most important house committees.

Other members of the Donovan Committee are: William Faulwetter, Gilbert Harelson, H. Bartlett Sayer Jr., and Thomas Sharkey of La Mesa; Keith Atherton and Robert Steiner of Chula Vista; and Jack Willis, Imperial Beach.

LEMON GROVE WOMAN'S CLUB JUNIORS

Balladeers Set First Rehearsal; Circle Arts Ticket Sales Ending; Founder's Day On Sept. 25

The Balladeers, Music Section of the Lemon Grove Woman's Club Juniors, will hold their first rehearsal meeting of the new club year in the home of Mrs. Thomas Clabby today at 1 p.m., according to Mrs. Terry Wickstrom, music chairman. "We will start plans for a 'Musical Smorgasbord' variety show to be sometime after the first of the year," Mrs. Wickstrom said.

The Balladeers have given performances in the past years for which they were given first place awards at women's club conventions.

Members who are attending the rehearsal are Mmes. Charles Hampton, Warren Peterson, Bernard McNulty, Robert Mitchell, Keith Hobb, Charles Blackburn, Kenneth Hope, William Frenken, Gerald Stenberg, William Jackson, Charles Finch, Anthony Rosetti, Joseph Payson and Robert Strand.

"Kiss Me Kate" on Sept. 23 will conclude the Circle Arts programs presented by the Lemon Grove Woman's Club Juniors. "We've had wonderful response to our ticket sales so far and hope to make this last night an even more successful one," said Mrs. Thomas Clabby, ways and means chairman. The community is invited to contact Mrs. Clabby at HO 6-8631 for their tickets by Sept. 21. Proceeds from ticket sales will go toward philanthropic projects, Mrs. Joseph Payson, club president, said.

"Sour Seventeen" will be the theme for the celebration of Founders Day by the Juniors on Sept. 25. A potluck dinner and "blind auction" is planned to commemorate the 17th year of the Juniors.

Linda Mallow
Weds Sept. 8

Mrs. Larry A. McKinney

Linda Margaret Mallow, daughter of Mr. and Mrs. John Mallow of 3733 King st., Lemon Grove and Larry Anthony McKinney, son of Mr. and Mrs. William J. McKinney of Santee exchanged wedding vows on Sept. 8 in a ceremony held at St. John of the Cross Church in Lemon Grove.

The bride's gown was of white lace and organza and was waltz-length. A shoulder-length veil was caught by a crown of pearls and rhinestone. She carried a bouquet of stephanotis and orchids.

Maid of honor was Susan Kruse, cousin of the bride and best man was William J. McKinney Jr., brother of the groom. Miss Gay Ann Farmer of Julian, another cousin of the bride was in charge of the guest book.

A reception was held at the church following the ceremony. After honeymooning at Lake Arrowhead, the bride and groom were planning to reside in Escondido.

The new Mrs. McKinney is a graduate of Helix High school and attended San Diego College and Grossmont College. The bridegroom, a graduate of El Capitan High also studied at Grossmont College.

GROSSMONT CONCERT WOMEN TO MEET

The fall business meeting of the Women's Committee of the Grossmont Community Concert Association will be held at the home of Mrs. H. G. Beckom, 10445 Fuerte dr. on Sept. 24 at 9:30 a.m.

This will be a coffee for the area officers and community chairmen. The meeting will be run by the president, Mrs. Wendell M. Robley. Plans for the fall musicales given each year by the four communities—El Cajon, La Mesa, Mt. Helix and Lemon Grove—will be discussed.

12,809 ENROLL IN AREA HIGH SCHOOLS ON FIRST DAY

Opening day enrollment in the high school of the Grossmont District was 12,809 the Grossmont Board of Trustees learned Tuesday evening. This was approximately 500 below the number predicted but Superintendent Lewis Smith indicated that absences, late registrations, and corrections may increase the enrollment to over 13,000. "We believe we are assured of an increase of 1,000 over last year's enrollment," said Superintendent Lewis Smith.

Trailer Park Zoning Laws May Be Changed

SAN DIEGO (CNS)—Study of a proposal to change the county zoning law affecting the establishment of trailer parks was ordered Friday by the County Planning Commission. The rise in the prestige of trailer parks requires new laws, said Commissioner C. J. Martin. At present, to start a trailer park a change of zone to allow such an enterprise is first required; then a special use permit for a park has to be obtained. Martin proposed that a zoning specifically for trailer parks be considered.

WHAT'S DOING

Sid Mansfield, your telephone manager in Lemon Grove

As any mother knows, it's usually hard to keep youngsters away from the phone. They love to use it. And it's important they learn how to use it properly when they're young. That's why we put together "Adventures in Telexonia." It's a teaching kit, complete with puppet movie, shown at left, that shows grade school

students how best to use the telephone. We worked it out at the request of teachers and with their assistance. It teaches the right way to make calls, including those from public phones. And this training helps everybody get better telephone service. "Adventures in Telexonia" is available to schools just for the asking.

In an effort to further inform San Diego County citizens about water safety, Pacific Telephone has engaged in a campaign of posting signs at various public swimming locations which show the Mouth-to-Mouth Rescue Method of saving lives. Entitled "The Breath of Life," the poster explains the new method of artificial respiration for unconscious and non-breathing persons.

Although most public beaches and swimming pools have a lifeguard on duty most of the time, the public is being made aware of the proper method of administering artificial respiration in case of an emergency. The new Rescue Breathing method involves five important steps and the newly erected colorful signs explain how the technique is performed.

One gift works many wonders when that gift is your contribution to your United Community Fund. That's because most of our voluntary health and welfare agencies share in what is given, and they in turn help children, teen-agers and adults in all walks of life.

When you're asked to give this year, remember how far your gift must go and how great the need.

SPRING VALLEY BOYS TRAVEL THE SAND DUNES VIA SAND BUGGY

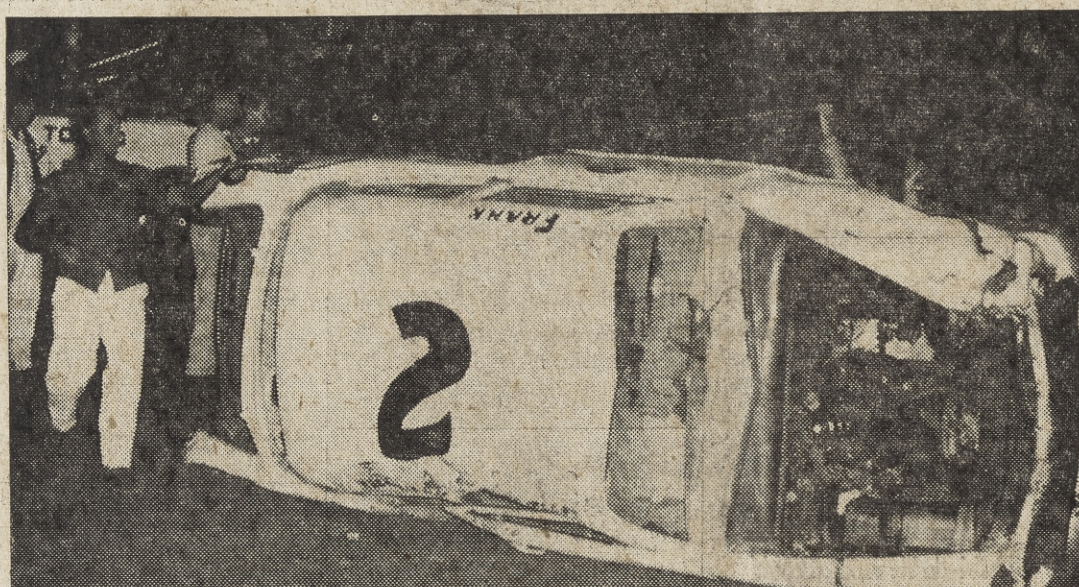

WIN TROPHIES — Mankind travels by land, by sea, by air, by space—and over sand dunes—these days. The unearthly looking (and sounding) device here has only one main earthly purpose — traveling up and down and over and across sand dunes. As indicated by the trophies on the ground, it does a pretty good job of this for pilots John Johnson (left) and Michael Tacoma (at wheel) of Spring Valley, who built this one.

Not satisfied with just entering dune buggy competition, John, 19 and Mike, 21 are getting others in on the fun by

making sand buggies. The "buggies," powered by mere little engines like Corvettes with three carburetors (in photo) are so in demand that already John and Mike have produced 15 of them in their San Diego firm called "Sand Buggy Haven."

John lives at 10395 Don Pico and Mike at 3640 Calavo, S. V. They won three of these trophies at Pismo Beach sand buggy competition on Sept. 2. Seat belts and wide wheel bases make the buggies safer than they look.

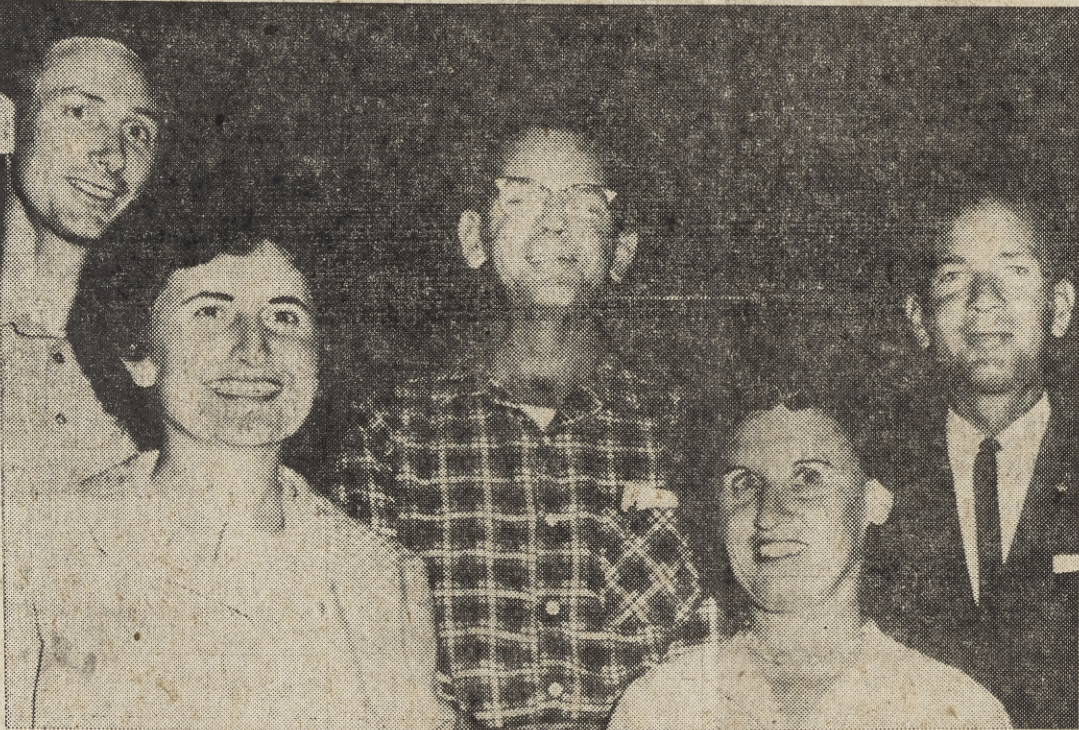

'Discourteous' Speedway Drivers Make Car Tip Over

NO TRAFFIC COPS — The way the drivers drive at Cajon Speedway, fast and always taking chances, it's no wonder that a car tips over occasionally and that dented fenders are the rule. In a recent Claiming Stock Cars event, Frank Shaw of El Cajon (left by auto) examined his car after it had tipped over through the help of certain discourteous fellow drivers, who weren't cited by traffic cops and decided the vehicle looked much better standing upright. This Saturday night the discourteous drivers will all be back at

Cajon Speedway in a Claiming Stock Cars race, which will begin at 8 p.m. Friday night the motorcyclists, who are equally discourteous to each other, will race beginning at 8:15. The Super Modifieds will make their last appearance of the season on Sept. 29 when a 100-lap Grand Prix will be presented. Dick Fries and Roussel are battling it out for the season's championship among Super Modified drivers.

Lemon Grove Little League Elects 1963 Officers

THIS SEASON OVER — Little league baseball, like summer vacation is now over with. Equipment is stored and uniforms are put away and not seen on the small, active forms known as little leaguers. After a season of fun but one in which their all-star team was eliminated in its first game in the regional tournament, Lemon Grove held its last meeting of the year — giving out awards to many of the players — and elected 1963 officers.

They are (l to r) Lou Corbet, vice-president; Mrs. Connie Darrow, secretary; Malt Hoskins, vice president; Mrs. Mary Creighton, treasurer and Chuck Laws, president. They will guide Lemon Grove players next season. Whether Lemon Grove does any better in regional playoffs or not, next year will be another busy one for the little leaguers and for the new officers.

PATRIOTISM IS THEME OF POLITICAL MEETING

An "old-fashioned" patriotic get-together for political candidates and the public is planned at the home of Mrs. Fred Ward, 3346 Sweetwater rd., L.G. on Tuesday at 8 p.m.

Danny Thomas, a former candidate for Congress and well-known vocalist, will sing choruses of patriotic songs. Mrs. Ward will lead in the Pledge of Allegiance.

Speaking briefly will be Dick Wilson, Dick Donovan and Jack Schrade after which re-

freshments will be served. Both Republicans and Democrats are invited to participate, Mrs. Ward said.

Pell Extends Open Invitation To Retired To Attend Pals, Gals

The Spring Valley Senior Pals and Gals Club will have their regular potluck dinner on Thursday of this week, Sept. 20 in the Goodland Acres Park on Troy st. The dinner and meeting will be from 10 a.m. to 2 p.m. Jim Pell, president invites all persons who have reached the retirement age to attend the meetings.

The club is still in need of funds for the construction of a shuffleboard alley. Any person or organization caring to contribute to the shuffleboard fund may call Mrs. Marguerite Verry, secretary at HO 6-3350.

OPEN HORSESHOE TOURNAMENT SLATED AT BALBOA PARK

The Pacific Southwest Border Association of the Amateur Athletic Union has scheduled an open horseshoe tournament at the Balboa Horseshoe and Shuffleboard Club, 6th and Juniper, Balboa Park on Sun., Sept. 23 at 1 p.m.

EX-STEWARDESS CLUB SETS WHITE ELEPHANT SALE

A white elephant sale will highlight the September meeting of Wings and Rings, ex-stewardess club in the San Diego area. It will be on Sept. 25 at the home of Mrs. William A. Curtis, 5577 Lancaster dr., Del Cerro. All proceeds of the sale will go to the club's project at the County hospital psychiatric ward.

The pool party starts at 11 a.m. with members bringing a sack lunch and white elephant. Reservations may be made by calling Mmes. John Blaha, William Curtis, Samuel Smith or Carl Shannon before Sept. 22.

Robert W. Mills Funeral Services Held; Native Of Colorado

Funeral services for Robert W. Mills, 73 of 9126 Valencia dr., Spring Valley were held Wed., Sept. 12 at Greenwood Mortuary with Rev. Alexander Milline, Greenwood pastor officiating. Mr. Mills was interred in Inglewood, Cal. cemetery. He died in a hospital on Sept. 10.

A native of Colorado, Robert Mills had been a foreman for the Los Angeles, Cal., Transit System for 33 years. He came to San Diego County eight years ago. He is survived by his widow, Myrtle, and two sisters.

'Madam Presidents' Tell What LG-SV PTAs Have Going For 1962-63 Year

PTA PRESIDENTS GATHER — Some of the key women in the Lemon Grove and Spring Valley communities — the PTA presidents themselves—gathered for a group picture late in their various units got programs underway for the 1962-63 school year. The Parent-Teachers Association, an expanding group of growing importance, elects officers at the completion of the school year in June. In the picture are (l to r front row) Mmes. Ray T. Bullock, Helix High school; Frank Hale, Mt. Miguel; Vernon Linden,

Palm Junior High school; Harry Shockley, Lemon Grove Junior High; Allen Gardner, Highlands Elementary school; (l to r back row) Mmes. S. Gagian, San Miguel Elementary; L. W. Mullaney, Golden Avenue Elementary; Kenneth Combs, Monterey Heights, and Edward Gurling, Casa De Oro. Mmes. M. B. Koenekamp, Vista La Mesa Elementary School president and Robert Littrell, Rancho Elementary PTA president as in the other photos.

PTAs usually plan out much of their coming school year's activities long before school begins. This enables the units to get started with a bang and to get more done throughout the school year.

Lemon Grove-Spring Valley area PTA presidents last week described projects and goals of their various units, indicating that all of the PTAs have pretty well charted programs in mind.

Mrs. Bullock, Helix High announced that her unit has two primary objectives — to serve as a channel enabling school information to reach the parent by sponsoring grade-level meetings and mailing Newslette, and (two) to continue its program of aid to Helix students by providing scholarships, chaperones and offering welfare assistance.

NEWSLETTER PLANNED

Mrs. Hale, Mt. Miguel said that her PTA will endeavor to promote better unity between it and other parent organizations through a combined Newslette that will keep parents aware of all activities and programs at school. The PTA will continue promoting student welfare, Mrs. Hale said through their programs and grade-level meetings.

As an added feature this year, the Mt. Miguel PTA will devote one of its meetings to the vocational program at the school.

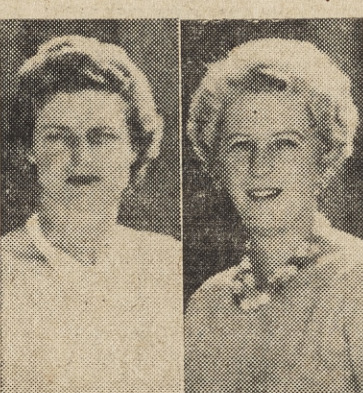

Mrs. Linden, Palm Junior High announced, "We shall endeavor to promote the welfare of children and youth in home, school, church and community. To raise standards of life in the homes. To secure adequate laws for car for the protection of children and youth."

"To bring into closer relationship the home and school so that parents and teachers may cooperate intelligently in the training of the child. To develop between educator and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social and spiritual education."

TO ASSIST WITH CLINICS

Mrs. Shockley, L.G. Junior High said that her unit has been given the responsibility of assisting in the coordinating of the Sabin project. On several Sundays oral vaccine clinics will be held at the school. She said 24,000 are expected to come to them.

Two sixth grade rooms have been added to the school and the PTA is planning activities, including dancing, for this age

Mrs. Koenekamp

Mrs. Gardner, Highlands elementary commented that the boundary lines for the school have been redrawn and that her PTA finds it self lacking a working board. Therefore the challenge right now is to regroup and organize in a hurry in order to effectively get on with the year's endeavors.

ALL PARENTS NEEDED

She added that the help of every parent is needed to make the 16-month-old unit one capable of meeting tough but not insurmountable problems.

Mrs. Gagian, San Miguel Elementary announced that her PTA's main events will include a carnival, a bike safety program and a series of student-parent activities. This month parents are invited to attend class orientation sessions where their children's teachers will explain curricula.

The unit also will assist the county health department with the Sabin polio clinics to be held on six Sundays in October, December and January at the school.

Mrs. Mullaney, Golden Avenue Elementary said that her unit's theme for the year is "Family, Faith and Free." (Continued on Page 4)

M.H. PTA TO MEET NEW PRINCIPAL

Mrs. Arthur Taylor, hospital chairman for Monterey Heights PTA announces the completion of plans for the get-acquainted family dinner to be served this week on Thursday from 5 to 7 p.m. in the school cafeteria. The menu will be barbecued beef, mixed vegetables, beverage and desert.

The association hopes as many families as possible will take advantage of this opportunity to become acquainted with each other and Monterey Heights' new exchange principal, Joseph Dostal, of Hawaii.

The unit's regular meeting of the general assembly will follow the dinner at 7:30 p.m.

Mrs. Netzley Heads 'Yes-On-1A' Here

Hamilton Marston, San Diego County Chairman for Citizens Committee for Yes-On-Proposition 1-A, has appointed Mrs. Helen Netzley chairman for the Lemon Grove area.

Proposition 1-A is a \$270 million bond issue to provide funds needed for building construction, equipment and site acquisition for California state colleges, public junior colleges, the University of California, facilities for the mentally ill and retarded, narcotics control and correctional institutions, conservation camps and forestry fire-fighting stations.

Eighty per cent of the bond funds, of about \$216 million, will be used for higher education. The remaining \$46 million will go toward the specified facilities for other state agencies.

Mrs. Netzley will form committees who will work for support of Prop. 1-A.

SAN ALTOS PTA STARTING NEW YEAR'S ACTIVITIES WITH 'KICKOFF COOKOUT'

For its first event of the year, San Altos Elementary school PTA will hold a cookout for PTA members and all parents of San Altos children on Friday evening of this week from 5-9 p.m.

The "Kickoff Cookout" will start the PTA program rolling, Mrs. Dan Pumphrey, president said. It will take the place of the regular September meeting.

There will be games and musical entertainment and coffee, punch and cupcakes will be served. People are to bring their own hotdogs and buns, the PTA said.

CALICO TWIRLERS MEETING THURSDAYS FOR DANCING

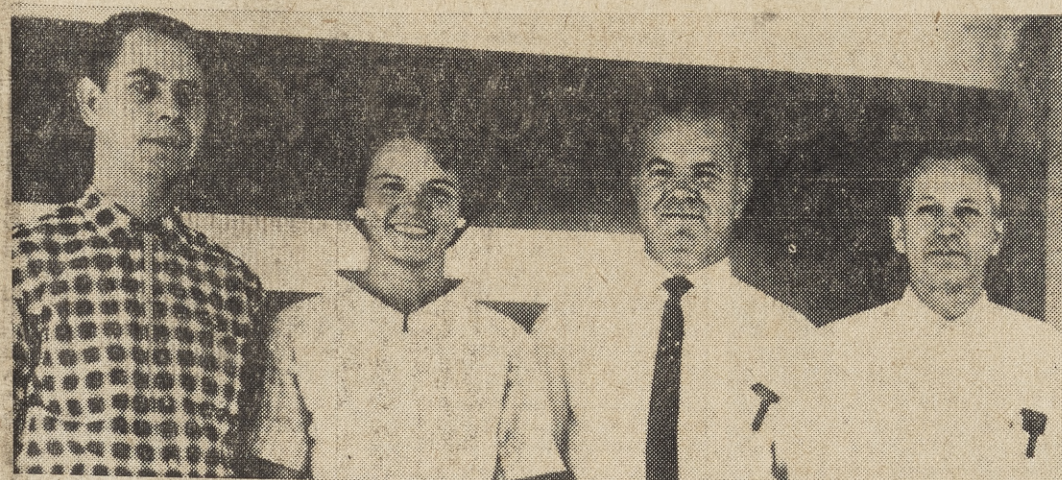

The Calico Twirlers, square dance club is holding regular Thursday night dances from 7:30-10:30 p.m. in the S.V. Chamber of Commerce hall. Lee McCormack is caller.

Chocolate Shake, Parfait Sundae Welcome Exchange Students Here

AT DAIRY QUEEN — A boy and a girl from distant lands stood in front of Charles Buckles' Dairy Queen on Broadway in Lemon Grove last week, and got an American welcome via a chocolate milkshake and a parfait sundae that were on the house. Mikko Pyhala of Finland (left), with the milkshake and Noemi Chang of Panama are American Field Service exchange students at Mt. Miguel High School. Buckles posed with them as they partook of one of the nice things in the American way of life. When this picture was taken, they'd already experienced two days of school. They described the two days as "different, exciting, free and stimulating."

GOP VICTORY SEEN BY HALE ASHCRAFT

Republican victory in California and San Diego County was predicted here recently by Hale Ashcraft, Republican nominee for State Assemblyman in the 80th District. He spoke at a meeting of the Republican League of La Jolla. Approximately 150 GOP workers attended the meeting.

Ashcraft said that several significant facts indicate the election of Richard Nixon, GOP candidate for Governor. They are:

1. Republican registration gains in the pre-primary period.
2. In the primary, Republicans went to the polls in greater numbers than did Democrats. GOP percentage of voter turnout was 70 per cent; Democrat percentage was only 51 per cent.
3. Richard Nixon and Joseph Shell had a combined Democrat write-in vote of 102,595. Only 5,236 Republicans wrote in Governor Brown's name.
4. Two virtually unknown Democrat candidates against Brown received 294,000 votes in the primary.
5. An additional 300,000

Democrats who went to the polls and voted for other candidates did not vote for any candidate for Governor.

6. Some 2,000,000 Democrats did not vote at all.

Ashcraft said he believes that Nixon will carry San Diego County by over 50,000 votes. He also predicted victory for Assemblyman Jack Schrade, Republican candidate for State Senator from San Diego County. Schrade polled over 10,000 more votes than did the Democrat incumbent in the June recent primary.

S. V. GIRL, 11, IS 'TOMBOY DELUXE'

Every so often a school comes up with an outstanding student or students and this year is no exception as far as Spring Valley Elementary school is concerned.

Eleven-year-old Jean Ann Kane, a sixth-grader who transferred from Hamilton School in San Diego, not only is a good student but shows promise in athletics. Roy Allen, physical education instructor for S.V. Elementary school said Jean Kane's physical fitness is outstanding and her interest and ability in sports is something to be admired and encouraged. Agile Jean is a "tomboy deluxe" who could become a name in the world of feminine sports.

TESTED FOR ABILITY — Jean Ann Kane, 11 of Spring Valley is good at almost any sport that can be named. As a San Diego City Schools student last year, she ranked among the top 10 of fifth graders in 19 schools who were given athletic tests.

Jean Ann Kane's athletic ability came to the attention of school authorities last year at Hamilton Elementary School when she was in fifth grade. The P.E. department of S.D. City Unified School District held fitness tests for fifth graders selected from 19 elementary schools out of the District's 108. In the final test, Jean Kane was selected to be among the top 10. She made a softball throw of 106 feet. Darrell J. Smith, P.E. specialist of the S.D. School District suggested that Jean be encouraged to engage in sports activities.

Mrs. James Kane, Jean's mother, of 9251 Campo rd. Spring Valley, has six children the eldest daughter now married. She said four of them have shown great interest in sports with Jean being the most outstanding. She said Jean "always wants to do everything the boys do." She enjoys swimming (as do the rest of the family), bowling (she bowled over 100 her first try), volleyball, softball, tennis, high jumping, the standing broad jump and others. Mrs. Kane said Jean is quite interested in football and would play

the game if she were allowed to do so. Mrs. Kane said she wants to encourage Jean in her athletic interest but that she wants to "make a lady of her," too.

The other children of Mrs. Kane are: Mrs. Patsy Graves of Michigan; Tommy Peel, 16, who likes music; Allen John, 14, who likes sports, especially football (he attends Monte Vista High school); Kenneth, 10, a patrol boy at S.V. Elementary school (he likes baseball); and Susie, 9, who likes sports but likes dolls more at present.

Mrs. Kane's husband, P.E. teacher is temporarily in Veteran's Hospital in Long Beach. He has a thyroid condition and Mrs. Kane said she hopes he soon will be able to return to teaching.

S.V. Elementary school had another outstanding athlete last year, Benice Vento, who is at S.V. Junior High school this term. She is 12 and likes softball.

Directors of the new Spring Valley Girls' Little League probably will draft the girls for the 1963 season.

'Madam Presidents' Tell What PTAs Have Planned For The Year

(Continued)

dom," which is almost the same one adopted by the State Congress of Parents and Teachers — "Focus on Family, Faith and Freedom." Mrs. Mullaney said the unit will be carrying out this theme as it strives for a better child welfare program, parent education, teacher aid and other projects aimed at closer relationship between home and school — with the child always the focal point.

PLANS SPECIFIED

More specifically, Mrs. Mullaney said, the unit plans a Halloween Carnival, safety and health programs, orientation teas, and a teachers' aid workshop among other things.

Mrs. Combs, Monterey Heights said a get-acquainted dinner on Thursday night of this week in the school cafeteria kicks off the year's PTA events. Joseph Dostal, exchange principal for the year from Hawaii will be speaker at this first program.

Plans are well underway, Mrs. Combs said for the Halloween Carnival. She added that the PTA's programming for the year is aimed at both mother and father and will include a father-son night. Like other

PTAs, Mrs. Combs' aims for 100 per cent membership.

HARMONY A GOAL

Mrs. Gurling, Casa de Oro Elementary said the main goal of her PTA again will be to accomplish an harmonious relationship of parents and teachers working together in the important job of educating our young people.

The year's theme is "Freedom to Explore the World Around Us." Programs will feature exploration of education, music and the world of earthquakes, seas and mountain climbing.

The bike safety program will be continued, and the PTA is going to campaign for installation of auto seat belts.

Participation in the backyard swim program and dance instruction for teens both will be continued. The Christmas party will be held for patrol boys, sixth graders will be given ribbons on graduation and many other of the PTA's former projects will be continued.

FLAGS TO BE PRESENTED

Said Mrs. Gurling: "We hope to continue—in memory of past president Mrs. Richard Wilson—the practice of presenting an American flag to each kindergarten child to bring to their

attention the importance of the flag and our American heritage."

Mrs. Koeneckamp, Vista La Mesa PTA said her unit will strive for parent participation. To promote this, an award will be presented each month to one or more members whose work for youth, school and community is outstanding.

Emphasis for the year will be on three main things:

1. Acquainting membership with the adult education class on Psychology of Adolescence at Grasmouth Junior College.

2. Stressing the importance of the movie section of the California PTA magazine. The section summarizes and evaluates movies for different age groups.

3. Promoting "group working" at the Halloween Carnival and other PTA functions for the betterment of our children.

COMMUNITY HIGHLIGHTED

Mrs. Littrell, Rancho Elementary announced that her PTA's theme for the year is "Focus on the Community" and that emphasis will be placed on community, school, home and safety. A variety of programs will be used, including speakers, panels and "buzz sessions."
